

Yellowstone Guide

Tour Offering: Wildlife Tour

Yellowstone is a unique place in the world, not only ecologically, but certainly also for the abundance of wildlife. This tour focuses on finding some of the many different animal species and viewing them. Possible places to visit are the renowned Lamar Valley, and a trip over Dunraven Pass to Hayden Valley and the Yellowstone Lake area.

The price for the 8 hour tour in our hybrid vehicle is \$499.00, with a maximum of 4 adults (and possible 2 children). For an additional \$249.00 the tour can be extended to a sunrise to sunset tour. If you'd like to take the tour in your own vehicle, the price is reduced to \$449.00.

Wildlife sightings are not guaranteed. All park rules apply: 100 yards from wolves/bears and 25 yards from all other wildlife.
